SUMMARY

Final-year B.E. student in Artificial Intelligence and Data Science interested in Data Analytics and Data Science. I have learned Python, SQL, Power BI, Excel, Statistics, and Machine Learning. During my 45-day Data Science internship, I worked on data cleaning, EDA, Machine Learning models, and model evaluation. I have also built projects using Python, NLP, and Power BI and I am looking for an opportunity to learn and apply these skills in a real-world environment.

WORK EXPERIENCE

Data Science Intern
VKV Engineering Solutions Pvt. Ltd., Nagpur, Maharashtra
Jan 2026 – Feb 2026 | 45 Days

- Worked with Python, pandas, NumPy, and scikit-learn on Machine Learning tasks.
- Cleaned datasets by handling missing values and outliers.
- Performed Exploratory Data Analysis to understand data and find patterns.

PROJECTS

Movie Recommendation System
Python | Pandas | Scikit-learn | NLP | Streamlit
Objective: To create a system that recommends movies based on similar movie information.

- Used 5,000+ TMDB movie records for the project.
- Cleaned and prepared movie data for analysis.
- Used TF-IDF to convert movie text information into features.

Result: Built a working movie recommendation system with an interactive Streamlit dashboard.

Veritas — Fake News Detection System
Python | TensorFlow | NLP | FastAPI
Objective: To create a system that can classify news using NLP and Deep Learning.

- Clean and prepared news data for Machine Learning.
- Used TF-IDF for extracting features from news text.
- Trained and tested the models using labelled news data.

Result: Built a news classification system using NLP and Python

TECHNICAL SKILLS

Programming: Python, SQL
Data Analytics: Excel, pandas, NumPy, Statistics, Data Cleaning, EDA, Data Visualization
Machine Learning: Machine Learning, Supervised Learning, Classification, Regression, Hyperparameter Tuning, Model Evaluation, scikit-learn
BI & Visualization: Power BI, DAX, Power Query, Matplotlib, Seaborn
Tools: Git, GitHub, Jupyter Notebook, VS Code, Streamlit, FastAPI

EDUCATION

B.E. — Artificial Intelligence & Data Science
Jai Hind College of Engineering, Pune | 2023-2027

CERTIFICATIONS

- Gemini Certified Student — Google for Education | Oct 2025
- AWS Certified Machine Learning – Specialty Cert Prep — LinkedIn Learning | Jul 2026
